Goose Bay Air Base is an exceptional full-service facility offering world-class training opportunities to foreign militaries.

We offer second-to-none services to transient military crews — whether for a quick turn-around or a trans-oceanic staging operation.

Our airfield is a 24/7 all-season base, dedicated to military operations.

At Goose Bay, we can feed and accommodate large numbers of personnel, hangar complete squadrons of fighters, provide parking and overnight hangar space for heavy airlift and tanker aircraft. We also offer unique tactical flying opportunities in our expansive flying range.

Whether you stay for a short time or a long time — you're welcome in Goose Bay!
